CHAPTER 38

A shocking synopsis of the evil effort to tear down America and its public education system, orchestrated and executed throughout the last 80 years by none other than the NEA (National Education Association), the ACLU, and The Communist Party USA...A conspiratorial master plan of diabolical proportion, which if not destroyed now will be the cause of America's downfall in 75 years. This is highly recommended for all patriotic Americans, especially junior high, high school, and college students in private parochial schools.

Chapter 38

EDUCATION AND COMMUNISM!

COMMUNISM IS DEAD? What? What on earth does this have anything to do with my child's education? Sit tight my friend ... I will give you the shock of your life! Stay with me all the way to the end...and pay VERY DEEP attention!

The Soviet Block may be in pieces and their long governing vehicle, COMMUNISM, may not be in power ... at the moment. The new governing vehicle of Democracy is making a strong attempt to be successful, but I strongly feel that the Soviet Block is merely in a "half time" break, as the ideology which fueled communism for so many years is STILL alive and well in Russia, especially amongst the die-hard old guard. And obviously this sick ideology is very much alive in the still existing communist nations of the world, such as Cuba and China. But did you know.....

This ideology is alive and well in AMERICA! YES! AMERICA!!! What is this ideology?

It is called Socialism. Its founder is Carl Marx who was a German writer between 1818 and 1883. Socialism and Communism are one in the same. They are systems of society organization where all production and distribution of goods are taken from private hands and into government control. INDIVIDUAL FREEDOMS ARE NON-EXISTENT. The only difference between the two is that Communism advocates the overthrow of a government by means of violence to bring to pass this kind of system. Socialism advocates the use of PEACEFUL MEANS OF LEGISLATION to achieve this kind of system in a society (Jot that down hard in your memory-pad). They are both haters of Democracy, Free Enterprise, and Capitalism, of which this great country was founded upon and thrives upon...the greatest, most powerful, and most profitable nation on the planet, ever, in the entire history of mankind!

In 1917, a man named Nikolay Lenin, through the Bolshevik Revolution, took over Russia. It was violent. It was the birth of Communism, for he was a staunch Marxist. Now remember, Marxism= Communism=Socialism. Stay with me! Stalin's ambition was to overthrow America and all what it stood for. He created the Socialist Manifesto, exposing his grand plan for the downfall of America. In 1921 he stated ... "We won't have to fire a single shot ... they will fall like over-ripe fruit into our hands!" In his book Socialist Ideology and Culture, he wrote ... "WE MUST COMBAT RELIGION ... THERE IS NO GOD". Okay, so now we can safely say NO GOD=MARXISM=COMMUNISM=SOCIALISM.

With no religion and no God there is no foundation for morality and values. There is nothing to anchor any principles of right or wrong for a society, for a nation. Hold tight ... here it comes!

Why did he say they wouldn't have to fire a shot? Lenin had initiated a huge plan a few years prior. During the late 1800's and early 1900's the concept of socialism spread like wild fire throughout the world ... even into America. At the turn of the century, there was a man named John Dewey. He was an educational philosopher. He was an American. He was a Marxist. He denied God and believed that man was without a soul and a free will. Man was to be a slave to government. He rejected fixed moral laws and felt that teaching children the absolutes of morals

or ethics was needless. Yes, this man was to forever change the course of American education... right under our noses. In 1904 while at Columbia University in a high position, he formed a "think tank" with two fellow socialists, Dr. Harold Rugg and George Counts. Their goal and devious plan was to have the SCHOOLS to be their vehicle to build a "NEW SOCIAL ORDER" in America!!! Counts stated in his writings and in his book "The Soviet Challenge to America" that the eventual change to socialism from capitalism would "REQUIRE CHANGES IN OUR IDEALS". Did you catch that last word ... IDEALS?

Now remember...IDEALS=RELIGION= GOD=VIRTUES=MORALS=FREE ENTERPRISE=DEMOCRACY=INDIVIDUAL FREEDOM=WHAT AMERICA WAS FOUNDED UPON AND CHAMPIONS TODAY AS THE BEACON OF FREEDOM FOR THE ENTIRE WORLD!!!! Here we go!

To achieve this incredible plan to overthrow America, Counts in 1932 rallied the teachers of America to begin planting the seeds for the "new social order". What a hideous plan. The Frontier Thinkers began REWRITING TEXTBOOKS. They snuck into top positions and gained control of the NEA (The National Teachers Association). Today, the NEA is the third largest union in the country. Most of the teachers who teach your children in public schools are members of the NEA. Is it starting to come together a bit? In 1934 a California school superintendent Dr. Willard Givens called out for the destruction of free enterprise and individual freedom in his book "Education for a New America". SOON AFTER, HE WAS NAMED EXECUTIVE SECRETARY OF THE NEA where he held power for 17 YEARS until his retirement in 1952!!!! GODLESS SOCIALISTS WERE TAKING OVER OUR OWN EDUCATIONAL SYSTEM!!!

Remember when we had to take this course called "social studies" back in high school? Dr. Rugg is the one who invented this term! He combined the traditional subjects of history, geography, sociology, economics, etc., into one complete course. In the 1930's millions of oblivious kids were educated on American history and structure through this first version of Social Studies. The anti-religious bias, the downgrading of American heroes and the U.S. Constitution were so great that the public rebelled. But it was short lived as new textbooks came out with merely a more subtle approach to the advancement of Socialism. In 1940, the NEA came out with a new textbook series called Building America ... how subtly disgusting! Shortly after, the Senate Investigating Committee on Education in California condemned the text as playing up to Marxism and destroying American traditions. The report stated ... "found among other things that 113 Communist-front organizations had to do with some of the material in the books and that 50 Communist front authors were connected with it". CAN YOU BELIEVE WHAT YOU ARE READING?! Wait ... it gets SICKER AND SCARIER. As early as 1940 the Rapp-Coudert Investigating Committee of the New York State Legislature disclosed that the 11,000 member Teachers Union in New York City was under complete Communist control. Over 1,000 communists/socialists were teaching in New York City schools!!! Lenin's sick conspiracy had taken root.

In 1962, FBI head, J. Edgar Hoover spoke out in response to nearly 20 years of socialistic brainwashing in the school system..."too often in recent years, patriotic symbols have been shunted aside. Our national heroes have been maligned, our history distorted. Has it become a disgrace to pledge allegiance to our flag or pay tribute to our national anthem? What we need today is patriotism founded on a real understanding of the American ideal". If he woke up today

30 years later ... he'd die again! He'd see a fat slob "singing" the national anthem and following her butchering of it proceed to moon the thousands of sports fans with her ugly rear... and everyone thinking it funny. He'd hear the Ninth Circuit Court of Appeals in San Francisco proclaim to law that the Pledge of Allegiance is "unconstitutional" due to the use of "God". Yes, ... we've come a long way toward our own destruction. You want to hear more? How's this for a total sick twister! Here we go...

The roots of our NEA (National Education Association) is nothing but horrifying! The moral decline in public education has been pitiful. Dr. W.P. Shofstall, the Arizona State Superintendent of Schools, recently stated, "The atheists (socialists) have, for all practical purposes, taken over our public education in this country". Did you know that during the beginning of the 1800's, spiritual and moral lessons accounted for 99% of textbook material? In 1875 it dropped to 50%. In 1946 it accounted for less than 1% of the Massachusetts textbooks. The socialist beliefs prevalent within our NEA have accounted for this dreadful decline. Today, there is nothing. Today it is wrong to teach absolutes ... no rights ... no wrongs. Today it is wrong to teach moral principles in school. Today, it is "outcome-based education".... $2+2=5$...if the kid feels like it. Today this organization, which has the responsibility of teaching millions of young minds daily, supports gay teachers. It supports school based sex clinics dispensing contraceptives without parental consent. It advocates abortion. It opposes teacher competency tests and parental consent for sex education. Their stated goal is to "BECOME THE FOREMOST POLITICAL POWER IN THE NATION". And being one of the key direct arms of the Democratic Party, they are fast accomplishing their goal.

Sounds like a horrific conspiracy doesn't it? Wait!!! It gets even bigger. How do you think these forces LEGALLY were able to get away with it all these years? Ever heard of the ACLU (The American Civil Liberties Union)? Few Americans would disagree with the stated purpose of the ACLU..."to defend individual freedoms". Right? WRONG! In reality many ACLU actions defend only the freedoms of those associated with politically and morally liberal causes. There's that word again ... LIBERAL. We've used it a number of times already in this book. Henry Holzer, Professor of Law at Brooklyn Law School said, "The ACLU is consistent only in the sense that it advances so many causes which are HOSTILE to the traditional values and best interest of the United States".

Could they be part of this great conspiracy? How's this for another surprise? Let's go back to the shocking roots of the ACLU. On January 12, 1920 (Hmmm... just a few years after the Bolshevik Revolution and Lenin...) the ACLU was formed by a group of hard-line SOCIALISTS here in America. They were Americans. One of the original founders Elizabeth Gurley Flynn later became the prominent leader of.... Guess! She became the leader of the COMMUNIST PARTY USA! In 1935 the long time director of the ACLU Roger Baldwin stated ... "I am for socialism ... communism is the goal". Yes...this is the ACLU..."THE CHAMPION OF OUR INDIVIDUAL RIGHTS BASED ON THE CONSTITUTION'S BILL OF RIGHTS!" Baloney B.S.! This organization has done more to enhance socialistic teachings into our society and educational system than any other organization ever. It has done its damage into our public schools Big Time. Who "Championed" to eliminate prayer in public schools? What fought for you the right for the elimination of the biblical version of creation in our textbooks? Who fights for no opening prayers in commencement exercises? Who opposes the existence of the motto "In God We Trust" on U.S. currency as well as the phrase "under God" in our Pledge of Allegiance? THE ACLU!!!! How's this for another jolt? One of the early members of the ACLU was a fellow named John

Dewey. Dewey ... Dewey.. Oh yes...he was the Marxist who, with his fellow cronies, rewrote thousands of textbooks for the NEA back in the 20's and 30's! The ACLU has been the foremost vehicle for the Liberal-Left to push for legislation towards the direction of Socialism.....hmm....Socialism advocates the take over of a government through...."peaceful means of legislation"...remember that one? How sinister and evil....to use a particular government's legislative process to ultimately overthrow that very government!

Hmm...ACLU=MARXIST=NEA=COMMUNISM=SOCIALISM=ATHIEST=OVER-THROW OF AMERICA=LIBERAL=LEFT. Does it all seem to come together now?

For closing here's a bit more. The ACLU receives grants or support from many organizations including the Playboy Foundation, the National Council of Churches and the NEA. The ACLU has a Policy Guide. Some of the beliefs are as follows: #4- Urging the repeal of all laws against pornography...defend those who sell, distribute, and profit from child pornography. #18--Ending the private rating system of movies because the G,PG,PG-13, R and X ratings (designed to protect children from dirty and violent films) have a chilling effect on freedom of expression (there's that guise again..."freedom of expression") #210--Call for the legalization of all drugs and narcotics, including crack and angel dust contending "the introduction of substances into one's own body is a civil liberty" (there's another guise..."civil liberties"). Oh yes, how can we forget our public schools where instructions in condom use is mandatory and the Ten Commandments and the Lord' s Prayer can no longer hang from the walls of our classrooms! Thanks to the ACLU! And what has the ACLU done for us concerning discipline in our public schools? The "rights" of the students has been their goal. William A. Donohue of LaRoche College recently stated that he holds the ACLU responsible for the "almost total collapse of authority of teachers and principles" in public schools today. No more Values...no more Principles...no more Absolutes... no more Morals...no more Right and Wrong.... a totally Value-Free society.

Okay,.....ACLU=MARXIST=NEA=COMMUNISM=SOCIALISM=ATHIEST= OVERTHROW OF AMERICA=LIBERAL LEFT=IDEALS FREE SOCIETY=VALUE FREE SOCIETY. Does it all seem to come together now?

Indiana State Senator, Gene Snowdon recently wrote, "More than half a generation of our youth have been virtually incapacitated to make moral decisions ... If we lose the next half generation the battle is lost". Unless we act to turn this dreaded conspiracy around, I predict in this book, DadMom, the downfall of this great country. It will be close to 2075. Yes, at the rate we are imploding, we will be taken over by a Lenin/Bolshevik style revolution from within or we will be over-run by a powerful communist/socialist super-power. 75 years...if that long.

Here's a doozy for you. I've got to slip this one in. Back in 1985, USA-Today interviewed Ramona Ripston who was the executive director of Southern California ACLU for 13 years. USA Today's question..."You will be leaving the ACLU soon to join Norman Lear's group, People for the American Way. What is that organization's purpose?" Ripston replied..."It was put together to fight the threat from the rightwing fundamentalists who want to Christianize the USA and have everybody believe in their God. The organization opposes those who would return prayer to the public schools, write evolution out of textbooks, and water down books so they reach the lowest common denominator when it comes to education. The organization also is fighting to keep judiciary independent". When I read this, my mouth dropped wide open.
